## Testimonials InCeight Casting 2021:

*„ We are convinced of the content concept and see the congress 'InCeight Casting' as a relevant event for our industry.“*

Dr. Timo Würz  
VDMA Metallurgy

*„A colourful bunch of highly interesting casting topics with deep insights into the latest findings and technical possibilities. Hope in 2023 to meet so many experts personally.“*

Dr. Lenka Fuskova  
Nordex Energy SE & Co. KG

*„Participants in the interdisciplinary forum for casting come in roughly equal numbers from the foundry, casting user and research sectors - perfect for cross-disciplinary exchange. “*

Dr. Ingo Steller  
BDGuss

# InCeight Casting C<sup>8</sup> – Congress from 6 to 8 March 2023 in Darmstadt, Germany

## Exhibition and sponsorship opportunities

---

Following the success of »InCeight Casting C<sup>8</sup>«, which was held for the first time in 2021, we are looking forward to bringing together experts on all aspects of cast components again in 2023.

This specialist congress offers a unique opportunity to network the disciplines involved in the product development process for cast components:

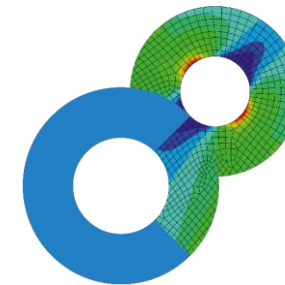

Construction and  
Product development

Non-destructive  
Component Testing

Foundry Technology

Structural Durability

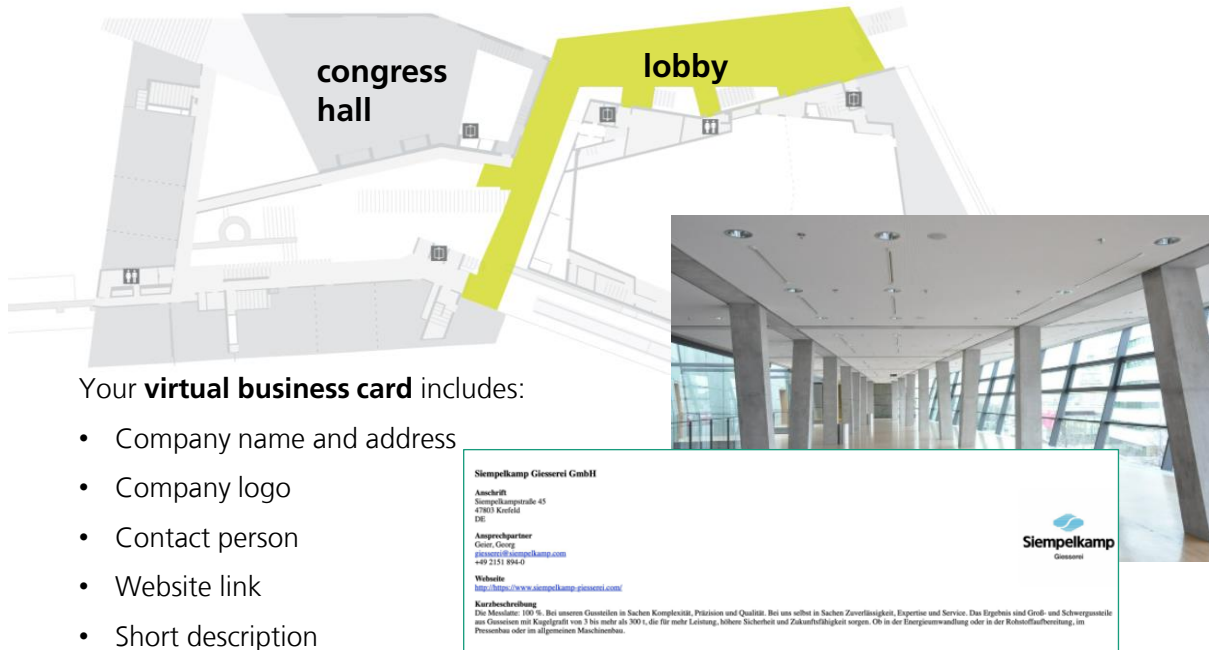

**Be there and present your company and your brand as an exhibitor and/or sponsor.  
Become part of the exchange around efficient and high-performance cast components!**
